# ARMOR TOWER, INC

A unique approach to Site Concealment and Project Management for the cellular, utility and communication industries. With over 25 years combined experience in the cellular industry and project management, we offer the ability to cooperatively design, develop and implement solutions for your concealment needs.

## Steeples and Cupolas

Custom fabricated steeples and cupolas are designed by working closely with your own architects and engineers to ensure the structure is capable of handling all of the carrier's equipment as well as match the original structure.
